SUMMARY OF EPISODE/DAMAGE (Continue on page 2, if necessary):

On July 29, 2014 at 09:30 hours, the Department of Fish and Wildlife (DFW) notified the Central Regional Office (CRO), that two dead kit foxes were found near a golf course in the city of Bakersfield. DFW also notified the Kern County Agricultural Commissioner's (KCAC) office. DFW was notified of the first dead kit fox on Friday July 25, and of the second on Monday July 28, by Wildlife Rescue. Wildlife Rescue was notified by California Living Museum. Because both kit foxes showed symptoms similar to strychnine poisoning, DFW notified CRO and KCAC. KCAC staff has surveyed the area where the kit foxes were found, looking for rodenticide applications. A necropsy will be performed.
